CAMPFIELD

DEPARTMENT

CAMPFIELD

Department Campfield is powering progress with a technology and creative campus, designed for businesses shaping our future.

An industrial landmark in Manchester's history - first used as a market hall in the 1800s, and later as an aviation landmark known as the Air & Space Museum, Campfield's heritage has been honoured and repurposed with the support of Manchester City Council into a campus for collaboration.

Our next chapter marks a mission to empower local talent and attract global innovation; this is the place for businesses with progress in their sights. The 135,000 sq ft mega campus will support deep tech, media

production and cultural advancements, with world-class facilities including private offices, creative studios, collaboration workshops, coworking, event spaces, cafés and bars.

Department Campfield will launch in spring 2025, with a new opportunity for communities and businesses to succeed. Our community also benefits from a location in one of the UK's most progressive destinations, St. John's, where you can access even more industry resource, partners and award-winning hospitality.

Department Campfield

Campus Community

**A thriving blend
of tech, media
and creative
industries.**

Business of all sizes will unite with a shared mission to tackle the world's most pressing technological, environmental, and social challenges.

Creating Opportunities

**Creating
the future in
Manchester
heritage.**

The Grade II listed landmark has been sustainably and thoughtfully repurposed into a global destination for talent. Campfield's facilities are designed for empowering today's ideas to become tomorrow's impact.

World-Class Facilities

**State-of-the-
art solutions
tailored to
every member's
needs.**

Department delivers community-driven workspaces focused on choice, design and exceptional service. From coworking and private offices to bespoke studios, businesses have the tools to succeed.

Exchange

**A new home for
the leading tech
accelerator.**

Exchange joins Campfield to continue empowering ambitious tech start-ups and scale-ups with its game-changing support, resources and growth programmes.

Hospitality, Retail & Events

**Campfield House
features all-day
food & drink, retail
experiences and a
lineup of events.**

The mega campus seamlessly combines workspaces with leisure, offering weekend markets, pop-up retail, and cultural experiences designed to enrich both work and life.
