CAMPFIELD

DEPARTMENT

CAMPFIELD

Department Campfield is powering progress with a technology and creative campus, designed for businesses shaping our future.

An industrial landmark in Manchester's history – first used as a market hall in the 1800s, and later as an aviation landmark known as the Air & Space Museum, Campfield's heritage has been honoured and repurposed with the support of Manchester City Council into a campus for collaboration.

Our next chapter marks a mission to empower local talent and attract global innovation; this is the place for businesses with progress in their sights. The 135,000 sq ft mega campus will support deep tech, media

production and cultural advancements, with world-class facilities including private offices, creative studios, collaboration workshops, coworking, event spaces, cafés and bars.

Department Campfield gives communities and businesses an opportunity to succeed. Our community also benefits from a location in one of the UK's most progressive destinations, St. John's, where you can access even more industry resource, partners and award-winning hospitality.

Department Campfield

Campus Community

**A thriving blend
of tech, media
and creative
industries.**

Business of all sizes will unite with a shared mission to tackle the world's most pressing technological, environmental, and social challenges.

Creating Opportunities

**Creating
the future in
Manchester
heritage.**

The Grade II listed landmark has been sustainably and thoughtfully repurposed into a global destination for talent. Campfield's facilities are designed for empowering today's ideas to become tomorrow's impact.

World-Class Facilities

**State-of-the-
art solutions
tailored to
every member's
needs.**

Department delivers community-driven workspaces focused on choice, design and exceptional service. From coworking and private offices to bespoke studios, businesses have the tools to succeed.

Exchange

**A new home for
the leading tech
accelerator.**

Exchange joins Campfield to continue empowering ambitious tech start-ups and scale-ups with its game-changing support, resources and growth programmes.

Hospitality, Retail & Events

**Campfield House
features all-day
food & drink, retail
experiences and a
lineup of events.**

The mega campus seamlessly combines workspaces with leisure, offering weekend markets, pop-up retail, and cultural experiences designed to enrich both work and life.

CAMPFIELD INVENTORY

Spanning three buildings, the Campfield Campus provides a comprehensive suite of facilities, including:

Workspaces & Studios

A variety of flexible workspaces, suites, studios, experimental spaces, and labs tailored for creativity and collaboration. Over half the floor space is designed to be non-traditional desk space, including spaces to work in collaboration.

Event & Activation Spaces

Versatile spaces for events, media production, filming, and content creation. A mix of private, open plan and public spaces designed to accommodate creative, cultural and community activities.

Meeting & Collaboration Spaces

Campfield offers unique meeting spaces throughout the Campus, all designed to inspire, including stylish and creative meeting lounges that blend sophistication with innovation. These thoughtfully crafted spaces are ideal for meetings, workshops and presentations.

Department membership

TRAVEL & CONNECTIONS

Campfield and St. John's are well served by public transport – train via the Ordsall Chord to Piccadilly and Victoria Stations, Metro to Deansgate and the free Metrolink to both mainline stations.

Train

There are five railway stations all within easy walking distance of Campfield at St. John's.

Metrolink

Metrolink trams run throughout Greater Manchester with three stops within walking distance of Campfield.

Car

A 24-hour NCP car park is located directly opposite St. John's Place, and three additional car parks are within five minutes' walk of Campfield.

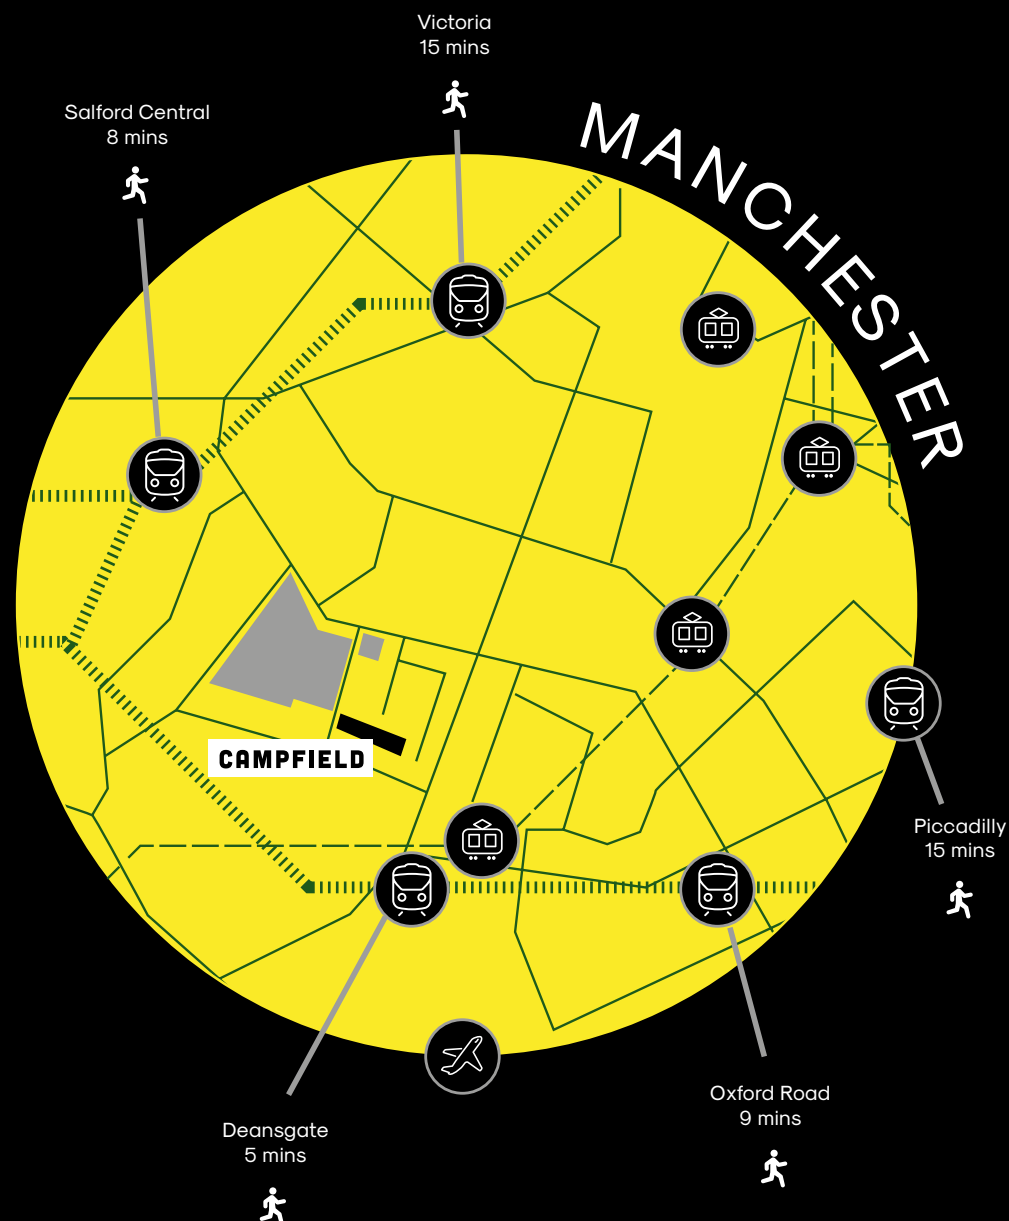

Air

Manchester International Airport is only a short distance from Campfield and easily accessible by car or train: driving: 23mins or by train: 25mins.

Bus

The Manchester 'free bus' service has two city-wide routes serving St. John's. All services run every 10-12 minutes, Mon-Sun.

Exchange

Supporting the Tech
& Digital Industry.

The Exchange Programme supports ambitious tech, digital, and creative businesses by giving them access to the tools, knowledge, and community they need to scale and succeed.

The Programme fosters a lasting, collaborative network of forward-thinking entrepreneurs, driving innovation and sustainable growth.
